INSTALLATION GUIDE

Use these instructions as a guide to install Braille Signage in compliance with BCA D3.6 specifications

BRAILLE SIGN SUPPLIES
BRAILLE SIGNAGE SPECIALISTS

OPTION 1

This is the preferred position for Braille Signage.

Position the leading edge of the Braille Sign between 50mm & 300mm from the architrave on the door handle side of the door.

The Braille **must** be positioned between 1250mm & 1350mm from the floor surface

50 - 300mm

Unisex Toilet LH
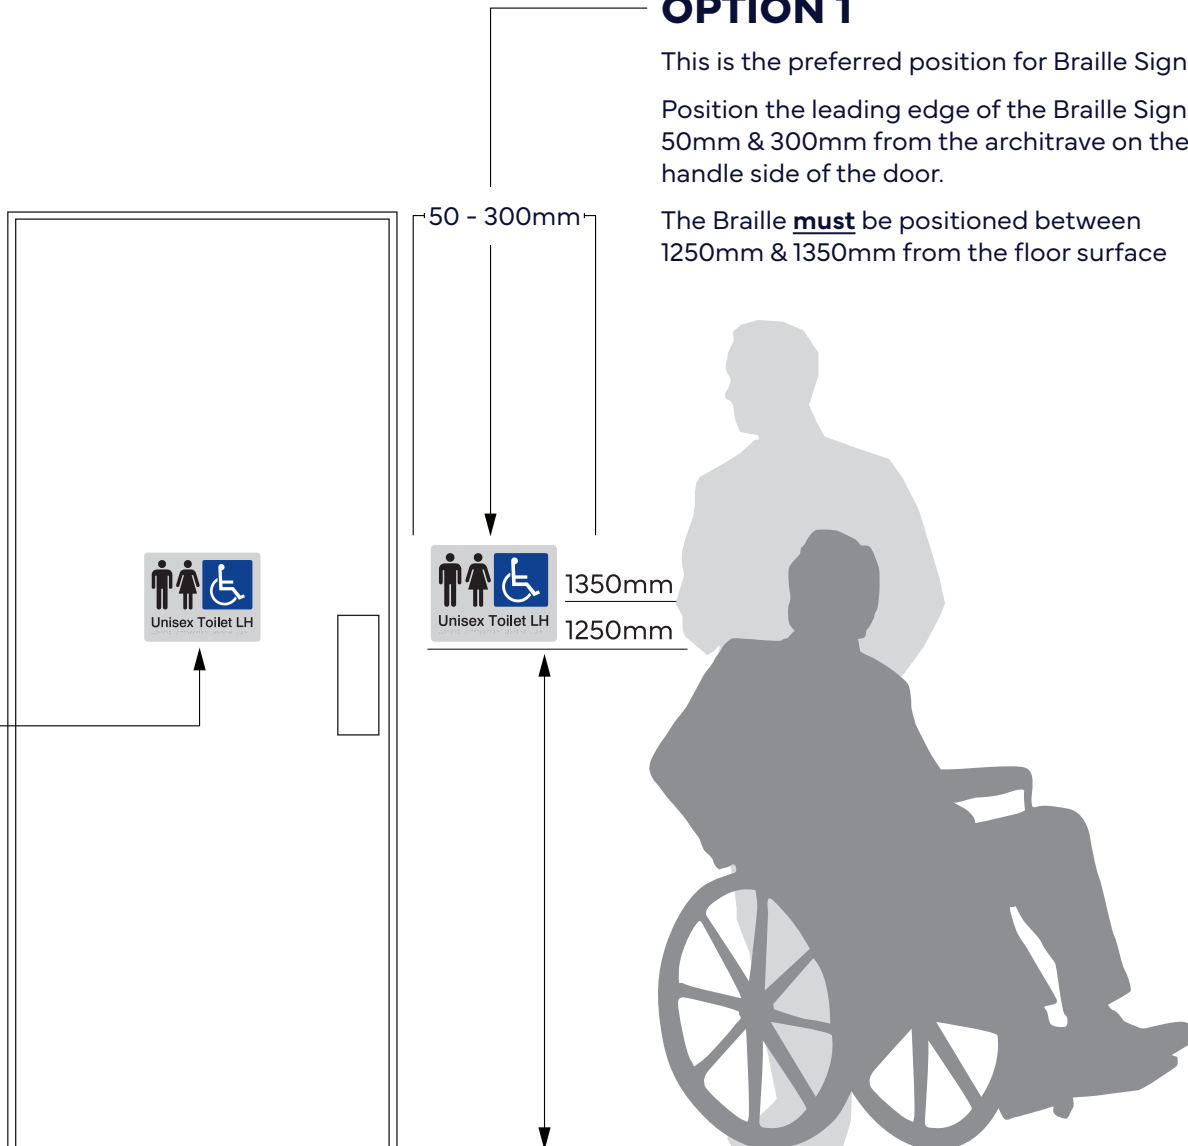

1350mm
1250mm

OPTION 2

The sign is to be centered on the door when option 1 is not possible.

The Braille **must** be positioned between 1250mm & 1350mm from the floor surface.

Unisex Toilet LH
