

MAINTENANCE GUIDE FOR BRAILLE SIGNAGE

ACRYLIC SIGNAGE (BRAILLEFORM)

Regularly cleaning is advised after installation with a mild cleaning product; non-abrasive or warm soapy water and a soft cloth.

With end users regularly touching Braille Signs, cleaning with a disinfectant wipe is also recommended.

ALUMINIUM SIGNAGE (BRAILLEFACE + APPLIQUE)

Regularly cleaning is advised after installation with a mild cleaning product; non-abrasive or warm soapy water and a soft cloth.

With end users regularly touching Braille Signs, cleaning with a disinfectant wipe is also recommended.

STAINLESS STEEL SIGNAGE (BRAILLEFACE + APPLIQUE)

Regularly cleaning is advised after installation with a mild cleaning product; non-abrasive or warm soapy water and a soft cloth.

With end users regularly touching Braille Signs, cleaning with a disinfectant wipe is also recommended.

Do not use any harsh chemicals or abrasive substances when cleaning Braille Signage. Gentle regular cleaning with a soft cloth or disinfectant wipe is suitable for most substrates. Stainless Steel cleaner works best on stainless signs to remove fingerprints.
